

PARTY ANIMAL?

Whatcha doin', B&P?

Yeah, see, I'm pacing because I'm deep in thought.

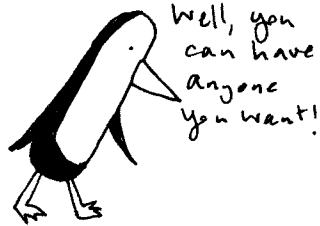

Do you mind if I join you?

A penny for your thoughts. Really?

If I get made into a party, an' I have a party, who would level invite?

Well, you can have anyone you want!

Yeah... but it gets tricky... like I hafta invite cousin Rufus, but I'm not sure if it's ok to invite friends from work... too personal?

It's up to you.

Poop. I wish someone else would make all the decisions, ya know?

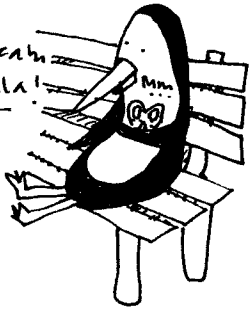

Flop! Will I have to wear... a gown, a tux, or a yalmukie?

A yarmolke? Ha - No.

Oh, a waffle cone! Vanilla!

Well, I tell you, B&P, it's a special day for you. You think about what you want, an' we'll make it happen.

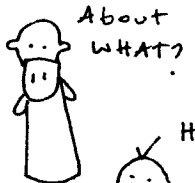

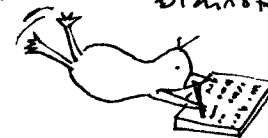

OK.

Whatcha doin'?

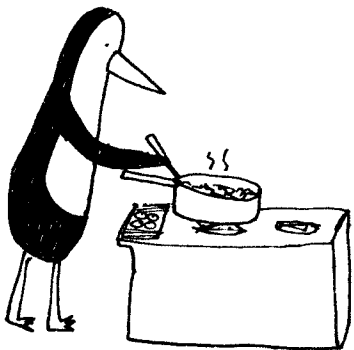

Brainstorming.

About WHAT?

Hmm...

After making a list an' talkin' with Jorge, I've thought long & hard, Floppy Poppy... an' I know what kinda party to have!

Yes...?

All things small & valuable! I'll hand out babyshins & take tots. We'll pin the tail on the baby donkey and have a low maze for all the short birds to run around in... an' find a short clown

Oh, who am I kidding? All I want is a dinner out with Bunny & you and some quarters for some arcade games. I hope I'm not disappointing you.
